** Technology Access Fee (TAF) - TAF is used for direct student benefit, for items such as new and improved technology, virtual classrooms, and technological improvements that enhance instruction.

*** Accelerated Program Students take all classes online and therefore qualify for the E-Rate.

*** E-Rate Out-of-state students enrolled exclusively in on-line courses throughout their tenure at the University may be assessed an e-rate of \$230 per hour for graduate level courses in lieu of the regular out-of-state tuition rate of \$706 per hour. Enrollment at any time in an on-campus or hybrid class will result in the student being ineligible for e-rate from that point forward regardless of the delivery method of their scheduled courses.
