

Admission Requirements

Admission decisions are based on departmental review, using a combination of factors, including an interview to evaluate relevant dispositions for professionals in the chosen concentration. The minimal standards are shown below. Satisfying minimal standards, however, does not guarantee your admission.

- Satisfactory test scores on the General Record Exam: 400 (scoring scale prior to August 2011) or 146 (scoring scale August 2011 to present) on the verbal reasoning portion, 400 (scoring scale prior to August 2011) or 140 (scoring scale August 2011 to present) on the quantitative reasoning, and 4.0 on the analytical writing portion
- Three acceptable letters of recommendation for graduate study from faculty members or other persons who have adequate knowledge of the applicant's professional qualities or potential for success as a graduate student.
- **Official** transcripts from your bachelor's institution and **any** institutions attended since that degree
- Satisfactory Grade Point Average on Bachelor's degree, usually a minimum of 2.75 on a 4.0 scale
- All applicants from countries in which the official language is not English are required to submit evidence of proficiency in English equivalent to Level 9 in FLS.

Admission Process

STEP 1: Complete a graduate school application form online and pay the admission fees online.

STEP 2: Submit email addresses for 3 letters of recommendation in the online system (Step 1). Recipients will receive a request to complete the evaluation online.

STEP 3: Request official undergraduate transcript from institution attended and GRE scores be sent to the TTU graduate school.

STEP 4: Complete application files (Steps 1-3 fully completed) are evaluated by the department and the decision is returned to the graduate school office. Notification of admission decision is sent to the student via the student email from the graduate school office.

STEP 5: Accepted students are notified by the program coordinator and asked to follow a link to complete an online written assignment in Tk20 to complete the Mental Health Counseling Admission Application. Also in the e-mail they are provided the name of their advisor and asked to make an appointment to meet with him/her for advisement. The advisor evaluates and rates the Tk20 submission. A faculty interview with all key faculty members is scheduled during the student's first semester.

STEP 6: Students successfully complete the Mental Health Counseling Admission Application and faculty interview and then are admitted to full standing status accepted in the Mental Health Program. *

* Students admitted in Provisional Standing as a result of incomplete or inadequate applications credentials, the deficiencies must be removed prior to enrollment in a second semester. Lack of test scores or unsuccessful interview will restrict enrollment to a maximum of 9 hours in the first semester.
