

College of Education
TENNESSEE TECH

Dean's Quarterly Update | September 2022

About Our Doctoral Programs

Research | Scholarship | Service | Clinical Studies | Mental Health

Tennessee Tech's College of Education offers two doctoral programs.

These programs prepare professionals to support, inspire, and equip all learners and individuals to develop confidence and gain access to resources, in addition to designing and evaluating relevant, impactful programming for primary schools, colleges and universities, non-profits, state and federal agencies, and more.

"Our college is dedicated to delivering educational experiences to our students so they may share their knowledge, enthusiasm, and positivity with their students, clients, colleagues, and communities."

~ Lisa Zagumny, Dean
