OTE TEST PREPARATION

Interactive Practice Tests!

OTE offers Praxis® Interactive Practice Tests (IPTs) from ETS. These are full-length practice tests that allow you to answer one set of test questions to simulate what you will experience on the actual day of the test. You can practice using authentic test questions and, after completing the practice test, view your results by content category along with the correct answers and explanations for each correct answer.

Interactive practice tests are **free!** We can accommodate individuals and groups! Interactive practice tests are completed virtually and take anywhere from 2 to 3.5 hours. Availability may be limited.

Please email Elora Davis at eldavis@tntech.edu to schedule a practice test or with any questions!

All children need a laptop. Not a computer, but a human laptop. Moms, Dads, Grannies and Grandpas, Aunts, Uncles - someone to hold them, read to them, teach them. Loved ones who will embrace them and pass on the experience, rituals and knowledge of a hundred previous generations. Loved ones who will pass to the next generation their expectations of them, their hopes, and their dreams.
