Praxis Practice Tests

OTE offers full-length practice tests developed by ETS that allow you to answer one set of test questions to simulate what you will experience on the actual day of the test. You can practice using authentic test questions and, after completing the practice test, view your results by content or category along with the correct answers and explanations for each correct answer.

We can accommodate individuals and groups! Interactive practice tests are completed virtually and take anywhere from 2 to 3.5 hours. Availability may be limited. Please email Elora Davis (eldavis@tntech.edu) for inquiries.
