- I lost the Hope scholarship at the ____24, ____48, ____72, ____96 attempted hour benchmark due to not meeting the grade point average requirement.

- I have checked my lottery information on my Eagle online account and it shows that I have reached the ____24 or ____48, attempted hour benchmark with cumulative lottery GPA of at least a 2.75, or have reached the ____72, ____96, or ____120 attempted hour benchmark with cumulative GPA of at least 3.0.

Please reinstate my lottery scholarship. I understand if I lose the scholarship at the next benchmark, I will not be able to receive it again since the legislative changes only allow students to regain the scholarship one time.
