2019

Adult Learner Success: Implementation Year 4

Tennessee Tech University

August 1, 2019
Tennessee Tech University
Year 4: Adult Leaner Success Implementation Status
Prepared by Dr. Theresa Ennis, Director, Assessment

Tennessee Tech University's mission is to create, advance, and apply knowledge to expand opportunity and economic competitiveness. As a STEM-infused, comprehensive institution, Tennessee Tech delivers enduring education, impactful research, and collaborative service. Our vision includes achieving national prominence and impact through its engaged faculty and career-ready graduates known for their creativity, tenacity, and analytical approach to problem solving. Improving and meeting the needs of Adult Learners, especially aligns with our mission and vision. TTU reports successful progress indicators in all of the following objectives in the Year 4: Implementation Status Report.

Objectives

1. Market to and recruit adult learners/veterans
2. Develop an improved partnership with regional industry workforce needs and develop appropriate degree/certificate programs to align with education opportunities and professional needs
3. Improve the diversity of the degrees/programs attainable with flexible offerings and format
4. Develop a PLA Policy that aligns with State Standards
5. Develop Collaborated Effort to use articulation agreements and transfer pathways with regional Community Colleges
6. Implement an annual survey to collect feedback from adult learners and consistently review results for action
7. Improve the quality of outreach and services for adult leaners
8. Implement consistent training for onsite and offsite Coordinators to improve services to meet the needs of adult learners
9. Improve the number of graduates as per the TN Governor's 'Drive to 55'

Success Indicators and Evidential Progress/Success

TTU developed a matrix to formulate and track objectives and strategies to improve learning for adults and affect the successful attainment of 4-year degrees. The Matrix in Appendix A on pages 6-7 indicates success indicators and benchmarks for progress, as well as a longitudinal look at metrics. TTU presents outcomes and results in this matrix from Year 4 Implementation. TTU utilized multiple assessments to gauge progress, identified targets and aspirational benchmarks, and showed sustained improvement. As we move into the preceding 5th year (2019-2020), we may see a ceiling effect of percent improvement scores. However, TTU has consistently matched or exceeded baseline metrics and showed progression toward targets in the majority of item areas, and integrated adult learning into our new 'Tech Tomorrow' Strategic Plan.

Action Plans

Sustained Action Plans (from prior year's implementation): Continued recruitment at Quad A (Army Aviation Association of America; Continued focus and development of programs and certificates that meet labor force needs; Continued enhancement of outreach and service to extended programs and expanded service areas; Continue to staff off-site locations with trained advising personnel; Sustained training of staff members at off-site locations; Continued to offer a complete general education core in an online format in partnership with TN eCampus and TTU Faculty; Improved websites with newly edited and current information for all units utilizing a new web design program; Eagle's Wing Veteran's Center Services extended; Prior Learning Assessment (PLA) Process streamlined and improved; and The TTU Office of Extended Education and Workforce Development sustained numerous educational opportunities (courses and continuing education credits) in 2018-2019 at extended locations.

TTU sustained its recruitment of adult learners. Enrollment of adult learners was sustained over time. The aspirational goal of 17% of student enrollment to be adult learners has been accomplished (currently 17%). Enrollment of adult learners at both the graduate and undergraduate levels are below:

Adult Student Enrollment (>25 years of age)

Fall 2015 (Baseline)	Fall 2016	Fall 2017	Fall 2018
1965	1733	1822	1720

TTU Recruited and Improved its Community College Transfer Student Enrollment from 470 students in the base line year (Fall 2015-2016) to 671 students in the most recent semester (Fall 2018-2019). Of these transfer students in Fall 2018, 14% (n=97) were aged 25 or older.

TTU awarded degrees to adult learners. TTU confirmed 397 Bachelor's Degrees to adult aged students in 2018-2019.

TTU identified labor force needs, tuition assistance programs, and degree programs that addressed the needs and expectations of adult learners, and *improved course offerings and attainable certificates that target the needs of adult learners and industry in the Upper Cumberland Region.* Five new certificates were developed and available to be offered Fall 2019.

        -Undergraduate 'Banking' Certificate- The Department Economics, Finance, and Marketing (EFM) from the College of Business received feedback from the banking community that students who obtain a specialization in banking have a competitive advantage in the workplace. In order to provide banking specialization to TTU students, a Banking Certificate at the undergraduate level was approved for implementation by the EFM department. Students may earn this Certificate by completing 18 credit hours from the following undergraduate course areas: FIN, ECON, ACCT, MKT, and DS.

        -Graduate 'Online Teaching and Design' Certificate- The new Online Teaching & Design certificate program by the College of Education is designed to enhance current concentrations and create new pathways for faculty, administration, and students in the rapidly expanding field of online education. The four-course sequence has been developed to support and prepare educators for the challenges and opportunities of online and distance education. The certificate is approved for Fall 2019, consists of 12 credit hours, and includes courses from the Curriculum & Instruction Educational Technology graduate program. The courses are: CUED 6430 Production of Instructional Materials, CUED 6450 Internet Integration for Teaching & Learning, CUED 7510 Instructional Design, and CUED 7520 Teaching and Learning Online.

        -Undergraduate and Graduate 'Service' Certificate- The department of Curriculum and Instruction is approved to implement a Service Certificate in Fall 2019 at both the Undergraduate and Graduate level. The Service Certificate Program is an interdisciplinary certificate at TTU that offers undergraduate and graduate students the opportunity to identify and participate in service learning opportunities that have lasting community impacts. This program is a collaboration among the TTU Office of Service Learning and the College of Education, specifically the Department of Curriculum & Instruction, to recognize and promote students' efforts in service learning. The Service Program will provide students with opportunities through coursework and experiential service learning that will improve their soft skills (leadership, team-building, etc.) while serving the local community. The Service Program reinforces TTU's mission of developing student capacity in service and outreach to benefit the people of Tennessee and the nation.

        -Graduate Managerial Environmental Informatics Certificate and Graduate Technical Environmental Informatics Certificate- Students may earn one or both certificates as stand-alone graduate certificates, or as embedded within the 33-credit-hour PSM degree program. The Industrial Advisory Board for the Professional Science Master's degree program in the Environmental Informatics (PSM-EI) program suggested that we offer graduate certificates with managerial and technical tracks to appeal to working professionals in government agencies and industry. The certificates may also

encourage students to complete the full PSM degree program, thereby boosting enrollment and graduation rates. Students may earn this Certificate by completing 15 credit hours from the following undergraduate course areas: GEOG, EVSS, BGMT, CSC. ESS, and one approved elective.

TTU Enhanced outreach and adult services to Extended Campuses and Expanded its 2+2 Sites (Crossville, Huntsville, Tullahoma, McMinnville, Oak Ridge, Cookeville, Knoxville, Pellissippi; and Lawrenceburg) through partnerships with the following community colleges: Volunteer State, Motlow State, Columbia State, and Roane State. TTU staff visited each location monthly and provided advising professionals Transfer Pathway seminars, and recruitment meetings at each of the campuses. In addition, TTU has expanded (from 9 to 10) to another Extended Campus in Smyrna, TN (Motlow State Community College).

Prior Learning Credit and Degree Plans

TTU formulated a comprehensive PLA Policy. A total of **5,326 credits were awarded** through TTU Prior Learning Assessment practice. The TTU PLA policy is completed and has been implemented effectively. The official assessment and awarding of PLA credit processes on the TTU campus are being streamlined in collaboration with the Office of the Register and Enrollment Management.

Transfer pathways from Community Colleges and degree plans were extended and enhanced, and training for staff was implemented for improved transfer pathways and support services through partnerships at 9 locations with the following institutions: Volunteer State Community College, Motlow State Community College, Columbia State Community College, and Roane State Community College. TTU staff visited each location monthly and provided professional development and training. In addition, TTU has expanded (from 9 to 10) to another Extended Campus in Smyrna, TN (Motlow State Community College). The College of Interdisciplinary Studies sustained regular site visits and sustained training to all off-campus staff at Extended Locations in advising, recruitment, and student success campuses.

Incorporation of Adult Learner Feedback into Policy and Practice

TTU implemented a Survey of Adult Learners in Spring 2019 to measure progress internally for adult learners (n=165, 20% Response Rate). Results in Appendix B were disseminated to stakeholders (Student Success Centers, Department Chairpersons, and other academic/service responsible areas), on and off campus, and for discussion in relevant committees for continuing improvement. Baseline and target metrics were identified, and results (n=137) reported in Appendix B for monitoring progress on each item. 91% of the student respondents indicated that they would maybe, probably, or definitely recommend TTU to other adult learners, and 90% reported that they were somewhat to very satisfied with their experience. Notably, in 2019, TTU made significant progress on the following items indicated as improving over baseline data from 2016.

Item	% Improvement over Baseline
I receive adequate information about sources of financial assistance available to me.	18%
This institution offers sufficient courses within my program of study each term.*	17%
This institution offers a great variety of programs for the adult learner.	17%
I can receive credit for learning derived from my previous life and work experiences (Prior Learning Credit).	16%
Faculty members are sensitive to my needs as an adult learner.	13%
I am able to choose a course delivery that fits my life circumstances.	8%
My studies are closely related to my life and work goals.	7%
Transcripts from institutions that I previously attended are evaluated in a timely manner.	7%
This institution offers strategies to help me cope with the multiple pressures of home, work, and my studies.	7%
Recommend to other Adult Learners	7%
I receive timely responses to my request for help and information. *	6%
Advisors/Site Coordinators are knowledgeable about requirements for courses and programs of interest to me.*	4%
Staff are available to help me to solve unique problems I encounter.	3%

This institution provides me with assistance in determining my career path and career opportunities.	3%
The institution provides students with the help they need to develop an education plan.	2%
Overall Satisfaction with Education Experience	2%

    *Met Aspirational Target

Additionally, TTU identified areas from the 2019 survey where the campus can continue to prioritize improvements due to no progress or a reduction in scores:

1. Improving the availability of advising (0%);
2. Providing sufficient options for payment of tuition (0%);
3. Providing student activities for adult learners outside of the classroom (-3%);
4. Improving the knowledge of where students can get information about services (-1%);
5. Improving the availability of support services (-10%).

Improvement of Quality of Adult Services and Experiences

Advisor Training/Calibration was implemented for adult-learner specific personnel. TTU identified key personnel from each college and student support office to aid adult learners in the process of attending college (Admissions, Financial Aid, Degree Planning, and Career Services). Every step to degree attainment is reinforced by adult-learner focused professionals, to help guide the students to success. Each staff person attended two trainings in 2018-2019 to review the best practices for advising, teaching, and supporting adult learners. Training focused on andragogy, characteristics, fears, family and work obligations, and career options.

TTU sustained its Student Success Center for Military and Veteran Affairs, aka the **Eagle's Wing Veterans Center**, on its main campus. TTU currently has an enrollment of 367 veterans and dependents utilizing VA educational benefits. Enrollment of current and prior service members has increased annually for the past five years (increasing at an average of roughly 7% each fiscal year). The cohort for 2012 show a graduation rate of 50% within 6 years, which is understandable as adult veteran learners often hold fulltime jobs and have families to support, and this can impact the time to degree attainment.

Through recent departmental transitions in Enrollment Management and the creation of a new Assistant Director position, there is a wider range of knowledge, skills and abilities to cater to the unique and nontraditional needs of veteran related students. Each staff member is required to attend trainings and maintain a working knowledge of any legislative changes that may impact our student veteran community in regards to educational benefits. Through the transitions and improvements within the department, we are operating a higher level of service to best assist veteran students by acting as a personal liaison between the VA and the University.

The Center services and staff focus on enriching the lives of student veterans and dependents through exceptional customer service, and ensuring that each individual is offered a uniquely personable approach to navigating the transition and benefits process. In the 2018-2019 fiscal year, the center supported roughly 367 individuals who self-reported as a veteran or military dependent. Over 2/3 of those individuals were utilizing a Veteran Educational Benefit (G.I. Bill). The staff have devoted this year to enhancing a campus wide presence through events such as Veterans Week and participation in the "I Heart Tech Students" campaign. Not only did Veterans Week introduce our veterans and dependents to the campus, it enabled faculty and staff to acquaint themselves with our military students by participating in the daily events. The center also received community wide support through donations from several local businesses. The "I Heart Tech Students" campaign gave faculty and staff an opportunity to donate to the Eagle's Wing Veteran Center to further invest in the experience of our military population on campus. The campaign systemically raised funding for the Eagle's Wing Veteran Center, a place of support and comfort for our student veterans and dependents.

TTU is working on several new endeavors to continually improve the experience of our military students. By supporting the Student Veteran Organization, largely made up of nontraditional and adult learners, an environment is fostered where every student feels welcome. The center staff have also been working diligently with Department Chairs and faculty members to

assist with granting Prior Leaning Credit based on a student's Joint Service Transcript. It is TTU's goal to reduce redundancy and enrich the educational experience of every student who has served in the United States Military. Although the PLA is still in the execution phase, we believe that within one fiscal year, a sustainable easily manageable process for awarding credit will be implemented by streamlining these process.

Increase Quantity of Adult Learner Graduates

The Center for Innovation in Teaching and Learning (CITL) aligned course availability and offered more TTU online courses to increase the quantity of adult learner graduates. This past year the CITL staff assisted faculty in the creation of *newly developed online courses* (For example, ACCT 2110- Principles of Accounting; HEC 1010- Life Span Development; HIST 1310- Science and World Cultures; and MATH 1530- Introductory Statistics; ART 1035- Introduction to Art; JOUR 2200- Mass Communication in a Changing Society; and READ 6310- Assessment and Intervention in Literacy).

Course Availability and Value General Education Core Requirements are now completely attainable fully online. TTU faculty offers the majority of these courses (Appendix C) and students can additionally utilize the TN eCampus system. The number of online courses accessible by students offered by TTU:

Online Course Availability

2015-2016 (Baseline)	Fall 2017	Fall 2018
TTU	TTU	TTU
469	495	444

The CITL staff also focused on the improvement of teaching by offering workshops (which included adult learning strategies) on "How People Learn," "Concept Based Learning," "Popular Media," "Critical Thinking," "Authentic Assessment," "Gameful Learning," and others.

The number of adult learner graduates exceeded from 383 graduates (2016-2017) to 420 (2017-2018), and exceeded again over 2016-2017 to 397 graduates (2018-2019) when compared to baseline metrics. Since the inception of the adult learner focused institution, TTU has graduated 1201 adult learner classified undergraduate students since the baseline year in 2015-2016 with Bachelor's Degrees.

In Summary, TTU continued progress on most objectives in the Adult Learner Plan by implementing its proposed strategies, monitoring results, and identified areas where the campus can improve in the future. TTU has recently implemented a new Strategic Plan "Tech Tomorrow" and incorporates an emphasis on adult learners to ensure that TTU meets the needs of this student population. Areas prioritized for improvement in 2019-2020 include the recruitment of adult learners, improving the availability of advising, providing sufficient options for payment of tuition, providing student activities for adult learners outside of the classroom, improving the knowledge of where students can get information about services, and improving the availability of support services. In addition the new plan strives to implement activities that impact "Education for Life," "Innovation in All We Do," "Exceptional Stewardship," and "Engagement for Impact." Information on the Tech Tomorrow Strategic Planning goals, priority actions, and operational tactics are found here: https://www.tntech.edu/strategic/index.php

APPENDIX A: Matrix of Objectives, Strategies, Assessments, and Targets							
Objective	Strategies	Assessment Metric	*Baseline (2015-16)	2017-2018 Outcomes	2018-2019 Outcomes	Target/Aspirational Benchmark	Made Progress to Target
(1) Market to and recruit adult learners/veterans	a. Offer more flexible core courses online b. Utilize the STRONG Act and recruit and serve Veteran Adult Learners c. Podcasts for adult and veterans on local Upper Cumberland regional radio stations and WTTU (Done.)	a. Enrollment (Adult Learners aged 25 or older) b. Enrollment (Veterans)	a. 11.61% (1,271 out of 10,952) b. 310	a. 17.3% (1,822 out of 10,504) b. 345 (increased by 11%) c. Overall-Somewhat to Very Satisfied	a. 16.89% (1720 out of 10,186) b. 367	a. 17.00% (Overall Adult Leaners) b. Increase by 10% in 3 years (Veteran Adult Learners)	a. √ b. √
(2) Develop an improved partnership with regional industry workforce needs and develop appropriate degree/certificate programs to align with education opportunities and professional needs	a. Utilize identified primary pathways for workforce development and associated industry recruitment 1) healthcare, 2) advanced manufacturing and 3) information technology. b. Diversify Degree completion per Industry Needs	a. Enrollment (Adult Learners aged 25 or older) b. Degree Completion by various programs (Adult Learners aged 25 or older)	a. 11.61% (1,271 out of 10,952) b. 421 (3-year average)	a. 17.3% (1,822 out of 10,504) b. 420	a. 16.89% (1720 out of 10,186) b. 397	a. 17.00% (Overall Adult Leaners) b. Develop proposals of new degrees with approval through campus committee process	a. √ b. √
(3) Improve the diversity of the degrees/programs attainable with flexible offerings and format	a. Degrees and certificates converted to flexible format b. Expand online course offerings c. Expand 2+2 Sites	a. Bachelor's Degrees awarded (Adult Learners) b. Online course offerings c. Expanded Site Locations	a. 421 (3-year average) b. 469 (12.1%) c. 8	a. 420 b. 495 c. 9	a. 397 b. 444 c. 10	a. Match or exceed 3-year rolling average b. Increase the number of online courses c. Increase by 10% in 3 years	a. - b. √ c. √

Objective	Strategies	Assessment Metric	*Baseline (2015-16)	2017-2018 Outcomes	2018-2019 Outcomes	Target/Benchmark	Made Progress to Target
(4) Develop a PLA Policy that aligns with State Standards	a. Participate in State Task Force, develop consistent policy b. Gain approval through appropriate approval processes	a. PLA Credit awarded b. Approval of Policy	a. 158 (Fall 2015) b. Completed	a. 4615 credit hours awarded for PLA (Fall, Spring, Summer) b. Completed, See Appendix	a. 5326 (2018-2019 total semesters) b. Completed	a. Match or exceed past awarding of credit b. Official Policy Completion	a. √ b. √
(5) Develop Collaborated Effort to use articulation agreements and transfer pathways with regional Community Colleges	a. Connect TN Community College completers to TTU pathways to 4 year degrees b. Expand articulation agreements with other Community Colleges	a. Transfer Student Enrollment from TN Community Colleges b. Increased number of agreements	a. 470 b. 8	a. 535 (14% increase) b. 9 (13% increase)	a.671 b. 10 (25% Increase)	a. Increase by 10% in 3 years (Transfer Student Enrollment) b. Increase by 10% in 3 years (Articulation Agreements)	a. √ b. √
(6) Implement an annual survey to collect feedback from adult learners and consistently review results for action	a. Develop internal TTU Adult Learner Perspective Survey b. Administer Year 3 and 4 c. Discuss results with campus constituents	Internal; TN Tech Adult Learner Survey (Adapted from the Adult Learner Inventory (ALI), Ruffalo Noel Levitz)	a. Mean per item from Year one assessment	a. 5.24 (See survey results; 5.24 out of 7.0 (Somewhat Satisfied) b. Completed c. Disseminated	a. 5.31 (See survey results; 5.31 out of 7.0-Somewhat Satisfied) b. Completed c. Disseminated	Overall (5.0-7.0) average satisfaction	a. √ b. √ c. √
(7) Improve the quality of adult learner outreach and services	a. Center for Veteran Students b. Increase Flexibility of services c. Advisor and Site Coordinator Training d. Develop Community Partnerships to help with adult learner services	Internal; TN Tech Adult Learner Perspective Survey (Adapted from the Adult Learner Inventory (ALI), Ruffalo Noel Levitz)	a. Mean per item from Year one assessment	a. See Table 1	a. 5.31 (See survey results; 5.31 out of 7.0-Somewhat Satisfied)	Overall (5.0-7.0) average satisfaction	a. √
(8) Implement consistent training for onsite and offsite Coordinators to improve services to meet the needs of adult learners	a. Implement consistent training for onsite and offsite Coordinators to improve services to meet the needs of adult learners	Retention	a. 74.6% (Fall to Fall 2014)	a. 75.2% (Fall to Fall 2017)	a. 75% (Fall 2017- Fall 2018)	Match or exceed	a. √

Objective	Strategies	Assessment Metric	*Baseline (2015-16)	2017-2018 Outcomes	2018-2019 Outcomes	Target/Benchmark	Made Progress to Target
(9) Improve the number of graduates as per the TN Governor's Drive to 55	a. Increase number of Graduates: Adult Learner Overall b. Improve the Graduation Rate for Veteran Adult Learners	a. Adult Learner number of Graduates b. Graduation Rate (Veteran Students)	a. 421 (3-year average) b. 44%	a. 420 b. 63%	a. 397 b. 50% (increase of 14%)	a. Match or exceed 3-year rolling average b. Increase by 5% in 3 yrs.	a. - b. √
