Adding Students to Groups in D2L

After following the instructions for Creating Groups, instructors will need to add students. When creating groups, one of three enrollment types can be selected.

- Auto-Enrollment: D2L enrolls students in groups automatically.
- No Auto-Enrollment: Instructor or an administrator enrolls students to groups manually.
- Self-Enrollment: Students enroll in groups themselves.
- 1. Click **Course Tools** on the purple navigation bar, then select **Groups**.
- 2. Click the dropdown arrow next to the group category name, then select **Enroll Users**.
