

# iLearn: Release Conditions

Center for Innovation in Teaching and Learning

---

Release Conditions can be used to guide student progress through the course and manage content visibility. This enables instructors to restrict access to course materials until specific conditions are met.

## Release Conditions

Instructors can attach release conditions in various tools throughout their course:

- [Attach a Release Condition in Content](#)
- [Attach a Release Condition to a Grade Item](#)
- [Attach a Release Condition to a Discussion Topic](#)
- [Attach a Release Condition to a Quiz](#)
- [Attach a Release Condition to an Assignment](#)
- [Attach a Release Condition to an Announcement](#)

### Attach a Release Condition in Content

#### Attach a Release Condition to a Module

1. Click **Content** on the purple navigation bar.
2. Navigate to a module.
3. Click **Add dates and restrictions**

Figure: Add dates and restrictions

4. Under Release Conditions, click **Create**.
5. From the drop-down menu, select the condition type.
6. Based on the condition type, select the condition details from the drop-down menu.
7. Click **Create**.
8. Click **Update**.

#### Attach a Release Condition to a Content Topic

1. Click **Content** on the purple navigation bar.
2. Navigate to a module.
3. Click the down arrow next to the topic name [1].

- Choose **Edit properties In-place** from the dropdown menu [2].

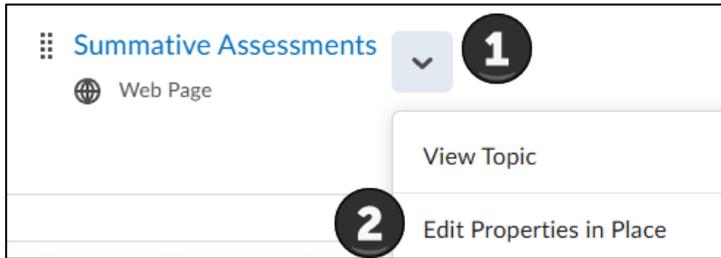

Figure: In Content, choose a topic to add a release condition to and edit properties in place.

- Click **Add dates and descriptions**.
- Under Release Conditions, click **Create**.
- From the drop-down menu, select the condition type.
- Based on the condition type, select the condition details from the drop-down menu.
- Click **Create**.
- Click **Update**.

## Attach a Release Condition to a Grade Item

- Click **Grades** on the purple navigation bar.
- Select the **Manage Grades** tab.
- Click the **title** of the grade item.
- Select the **Restrictions** tab.
- Under “Release Conditions,” choose **Attach Existing** or **Create and Attach**.
- Select the proper tool and condition details and attach the release condition.
- Click **Save and Close**.

## Attach a Release Condition to a Discussion Topic

- Click **Discussions** on the purple navigation bar.
- Click the down arrow next to the discussion topic.
- Select **Edit Topic**.
- Under Availability Dates & Conditions, click **Add Release Condition**
- Choose either **Create New** or **Add Existing**

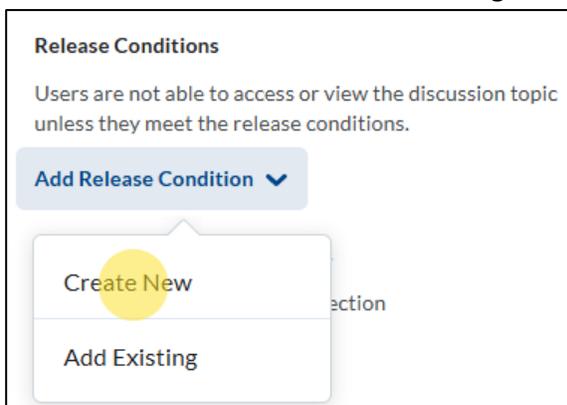

Figure: Create New for Release Conditions

- For Create New
    - From the drop-down menu, select the condition type.
    - Based on the condition type, select the condition details from the drop-down menu.
    - Click **Create**.
  - For Add Existing
    - Use the drop-down menu to select View Conditions for **Discussions**.
    - Check the box next to the release condition to add.
    - Click **Attach**.
6. Click **Save and Close**.

## Attach a Release Condition to a Quiz

1. Click **Quizzes** on the purple navigation bar.
2. Click the **title** of the quiz.
3. Under Availability Dates & Conditions, click **Add Release Condition**
4. Choose either **Create New** or **Add Existing**
5. Select the proper tool and condition details and attach the release condition.
6. Click **Save and Close**.

## Attach a Release Condition to an Assignment

1. Click **Assignments** on the purple navigation bar.
2. Click the down arrow next to the assignment name.
3. Select **Edit Assignment**.
4. Under Availability Dates & Conditions, click **Add Release Condition**
5. Choose either **Create New** or **Add Existing**
6. Select the proper tool and condition details and attach the release condition.
7. Click **Save and Close**.

## Attach a Release Condition to an Announcement

### Attach a Release Condition to a New Announcement

1. On the course homepage, navigate to the **Announcements** widget [1].
2. Click the down arrow beside Announcements, then select **New Announcement** [2].

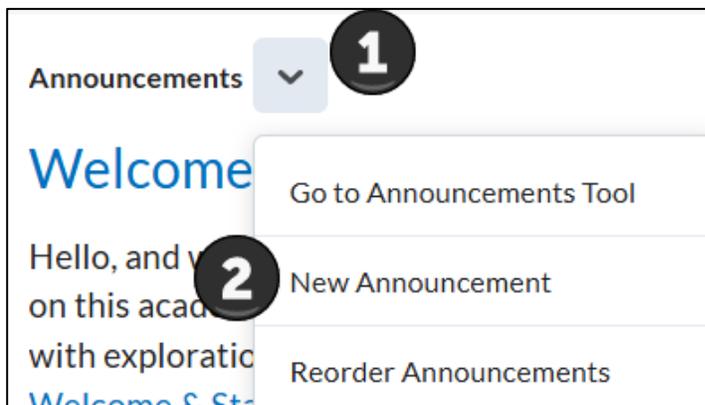

Figure: New Announcement

3. Under Additional Release Conditions, choose either **Attach Existing** or **Create and Attach**.
4. Select the proper tool and condition details and attach the release condition.
5. Click **Publish**.

### Attach a Release Condition to an Existing Announcement

1. On the course homepage, navigate to the **Announcements** widget [1].
2. Click the down arrow beside Announcements, then select **Go to Announcements Tool** [2].

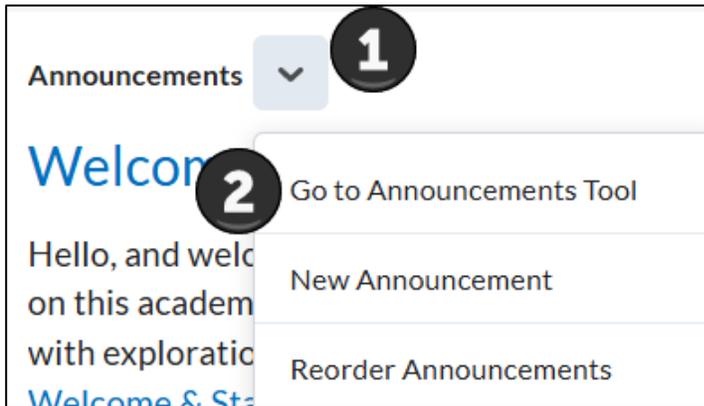

Figure: Go to Announcement Tool from the Announcements widget

3. Click the down arrow beside the announcements, then select **Edit**.
4. Under Additional Release Conditions, choose either **Attach Existing** or **Create and Attach**.
5. Select the proper tool and condition details and attach the release condition.
6. Click **Update**.
