

iLearn: Student View

Center for Innovation in Teaching and Learning

This document outlines how to use student view in a course.

Student View

The Student View option is a tool that helps ensure the correct settings are applied while building a course. Once activated, instructors must manually exit Student View.

Activate View as Banner_Student

1. Click the **name** [1] in the top right corner.
2. Select **View as Banner_Student** [2].

Figure: Click the Profile Name, then select View as Banner_Student

3. The course page will refresh, and the view in the top right corner will now display “as Banner_Student” under the username.

Cancel Student View

1. Click the **name** [1] in the top right corner.
2. Click the **x** next to “View as Banner_Student” [2].

Figure: Close Student View

3. The course page will refresh, and the view in the top right corner will now display “as student” under the username.
