1 INTRODUCTION

1.1 Background

Tennessee Tech University (“Tennessee Tech”) is a four-year comprehensive university located in Cookeville, Tennessee. Tennessee Tech is the state’s only technological university and currently enrolls approximately 10,700 students. Tennessee Tech offers more than 40 bachelor’s and 20 graduate degree programs and 120 concentrations through its various academic divisions – the College of Agriculture and Human Ecology, College of Arts and Sciences, College of Business, College of Education, College of Engineering, College of Fine Arts, College of Graduate Studies, Whitson-Hester School of Nursing, and the College of Interdisciplinary Studies. Tennessee Tech also offers the PhD in education, engineering, and environmental science and maintains three Centers of Excellence, including the Center for Energy Systems Research, the Center for Manufacturing Research and the Center for the Management, Utilization and Protection of Water Resources. The Appalachian Center for Craft, a Tennessee Tech satellite campus and an academic program offered through the School of Art, Craft and Design, offers a Bachelor of Fine Arts degree with concentrations in clay, fibers, glass, metals and woods. Tennessee Tech has consistently achieved high rankings for academic excellence and affordability.

The university offers over 15 NCAA Division I athletic programs, serving more than 300 student-athletes. Founded in 1915, Tennessee Tech is governed by its own Board of Trustees.

1.2 Statement of Purpose, Scope of Services

Tennessee Tech invites qualified sponsorship sales agencies to submit proposals for providing comprehensive sponsorship and ticket sales services for Tennessee Tech Athletics and its athletic venues. The university is seeking a strategic partner to help grow its sponsorship revenue, increase ticket sales and elevate the Tennessee Tech Athletics brand, and serve as an extension of the university’s athletics and marketing departments.

Tennessee Tech has issued this Request for Proposal (RFP) to define Tennessee Tech's minimum service requirements; solicit proposals; detail proposal requirements; and outline Tennessee Tech’s process for evaluating proposals and selecting a contractor to provide the requested services.

Through this RFP, Tennessee Tech seeks to secure the best services at the most favorable, competitive prices and to give ALL qualified businesses, including those that are small, minority, disabled person, service-disabled veteran, or woman-owned an opportunity to do business with the university as Contractors and subcontractors. Vendors must complete the Contractor Requirements Form. (See Attachment 6.1 for form and classification definitions.) In addition, all small, minority, woman, disabled person, and service-disabled veteran owned businesses are strongly encouraged to register with the Governor’s Office of Diversity Business Enterprise (Go-DBE) to attain official certification. Tennessee Tech shall work with the successful Proposer and the Go-DBE Office regarding registration/certification.

The Scope of Services is further defined in RFP Attachments 6.2 and 6.4.

1.3 Pro Forma Contract, Contract Period, and Required Terms and Conditions

The RFP Attachment 6.2, *Pro Forma* Contract details Tennessee Tech’s required:

- Scope of Services in Section A;
- Contract Term in Section B;

- Payment Terms and Conditions in Section C;
- Contractor Responsibilities in Section D, and
- General Terms and Conditions in Section E.

The *Pro Forma* Contract substantially represents the Contract document that the Proposer selected by Tennessee Tech MUST agree to and sign.

1.4 Coverage and Participation

Tennessee Tech is issuing this proposal, with the option for other institutions within the Tennessee Board of Regents, the University of Tennessee System of Higher Education and the State of Tennessee Departments, as well as other state funded public universities in Tennessee to utilize the proposal in establishing their own contract for these services. A listing of these institutions is provided in Attachment 6.8.

1.5 Nondiscrimination

The Proposer shall abide by all applicable federal and state laws pertaining to discrimination and hereby agrees, warrants, and assures that no person shall be excluded from participation in, be denied benefits of, or otherwise be subjected to discrimination in the performance of this Contract or in the employment practices of the Proposer on the grounds of classifications protected by federal or state laws. Accordingly, the Proposer shall, upon request, be required to show proof of such nondiscrimination and to post in conspicuous places, available to all employees and applicants, notices of nondiscrimination.

Tennessee Tech has designated the following to coordinate compliance with the nondiscrimination requirements of the State of Tennessee, Title VI of the Civil Rights Act of 1964, the Americans with Disabilities Act of 1990, and applicable federal regulations.

A Proposer with a disability may receive accommodation regarding the means of communicating this RFP and participating in this RFP process. A Proposer with a disability should contact the RFP Coordinator to request reasonable accommodation no later than the Disability Accommodation Request Deadline in the RFP Section 2, Schedule of Events.

1.7 RFP Communications

1.7.1 Unauthorized contact regarding this RFP with employees or officials of Tennessee Tech other than the RFP Coordinator named below may result in disqualification from this procurement process.

Interested parties must direct all communications regarding this RFP to the following RFP Coordinator, who is Tennessee Tech's sole official point of contact for this RFP.

- 1.7.2 Tennessee Tech has assigned the following RFP identification that must be referenced in all communications regarding the RFP: **RFP - Sponsorship and Ticket Sales Services**
- 1.7.3 Any oral communications shall be considered unofficial and non-binding with regard to this RFP. Only Tennessee Tech's official responses and communications, as defined in Section 1.7.7 below, shall be considered binding with regard to this RFP. Tennessee Tech's official responses and other official communications pursuant to this RFP shall constitute an amendment of this RFP.
- 1.7.4 Each Proposer shall assume the risk of the method of dispatching any communication or proposal to Tennessee Tech. Tennessee Tech assumes no responsibility for delays or delivery failures resulting from the method of dispatch. Actual or electronic "postmarking" of a communication or proposal to Tennessee Tech by a deadline date shall not substitute for actual receipt of a communication or proposal by the university.
- 1.7.5 A written question/answer period deadline is designated in the RFP Section 2, Schedule of Events. The purpose of the written question/answer period is to allow Proposers to submit any questions for official written response by Tennessee Tech. The RFP Coordinator must receive all written comments, including questions and requests for clarification, no later than the Written Comments Deadline in the RFP Section 2, Schedule of Events. Tennessee Tech reserves the right to determine, at its sole discretion, the appropriate and adequate responses to written comments, questions, and requests for clarification.
- 1.7.6 Proposer is to review all aspects of the RFP and Pro Forma Contract and identify any and all potential problem areas that could delay the signing of the Contract and submit written questions regarding these items. See Section 4.1 below for further information regarding Proposer Required Review and Waiver of Objections.
- 1.7.7 Tennessee Tech will convey all official responses and communications pursuant to this RFP via Internet posting at <https://www.tnitech.edu/purchasing/bidopportunities.php>. It is the proposers' responsibility to access this website to obtain updates to information as needed to submit a response to the most current information issued by Tennessee Tech. Tennessee Tech reserves the right to determine, at its sole discretion, the appropriate and adequate responses to written comments, questions, and requests for clarification.
- 1.7.8 Any data or information provided by Tennessee Tech in this RFP, and RFP Amendment, or any other communication relating to this RFP is for informational purposes only. Tennessee Tech will make reasonable efforts to ensure the accuracy of such data or information; however, it is the Proposer's obligation to independently verify any data or information provided by Tennessee Tech. Tennessee Tech expressly disclaims the accuracy or adequacy of any information or data that it provides to prospective Proposers.

1.8 Proposal Deadline

Proposals must be submitted no later than the Proposal Deadline time and date detailed in the RFP Section 2, Schedule of Events. A proposal must respond to the written RFP and any RFP exhibits, attachments, or amendments. A late proposal shall not be accepted, and a Proposer's failure to submit a proposal before the deadline shall cause the proposal to be disqualified. It is the responsibility of the Proposer to ascertain any additional requirements with respect to packaging and delivery to Tennessee Tech. Proposers should be mindful of any potential delays whether foreseeable or unforeseeable.

1.9 Written Questions/Answer Period

A question-and-answer period deadline is defined in the RFP Section 2, Schedule of Events. The purpose of the written question/answer period is to allow Proposers to submit any questions they may have regarding the scope of services requested. To ensure accurate, consistent responses to all known potential Proposers, the official response to questions will be issued by Tennessee Tech as described in RFP Sections 1.7, et seq., above and on the date in the RFP Section 2, Schedule of Events.

2 RFP SCHEDULE OF EVENTS

The following Schedule of Events represents Tennessee Tech's best estimate of the schedule that will be followed. Unless otherwise specified, the time of day for the following events will be between 8:00 a.m. and 4:30 p.m., Central Time.

However, Tennessee Tech reserves the right to further clarify or negotiate with the best-evaluated Proposer subsequent to award recommendation but prior to Contract execution if deemed necessary by university. Any amendment or negotiation shall be within the scope of the original procurement. Tennessee Tech may initiate negotiations, which serve to alter the bid/proposal in a way favorable to the university. In no event shall negotiations amend the proposal such that the apparent successful Proposer no longer offers the best proposal.

3.1 Proposal Form and Delivery

3.1.1 Each response to this RFP must consist of a Technical Proposal and a **SEPARATELY SEALED** Cost Proposal (as described below).

3.1.2 Each Proposer must submit one (1) hardcopy original, and one (1) electronic* copy of the Technical Proposal to Tennessee Tech in a sealed package that is clearly marked:

“Technical Proposal in Response to RFP – Sponsorship and Ticket Sales Services – Do Not Open”

*Electronic copy must be submitted on a flash drive with the Technical Proposal. Do not email the electronic copy.

3.1.3 Each Proposer must submit one (1) original hardcopy, and one (1) electronic* copy of the Cost Proposal to Tennessee Tech in a separate, sealed package that is clearly marked:

3.1.4 If a Proposer encloses the separately sealed proposals (as detailed above) in a larger package for mailing, the Proposer must clearly mark the outermost package:

“Contains Separately Sealed Technical and Cost Proposals for RFP – Sponsorship and Ticket Sales Services”

3.1.5 Tennessee Tech’s Purchasing and Contracts Office must receive all proposals in response to this RFP, at the following address, no later than the Proposal Deadline time and date in the RFP Section 2, Schedule of Events. Purchasing and Contracts Office
Tennessee Technological University
Campus Box 5144
1 William L. Jones Drive
Derryberry Hall, Suite 301
Cookeville, TN 38505

3.1.6 A proposal must be typewritten or hand-written in ink. A Proposer may not deliver a proposal orally or solely by means of electronic transmission.

3.2 Technical Proposal

- 3.2.1 The RFP Attachment 6.5, Technical Proposal and Evaluation Guide details specific requirements for making a Technical Proposal in response to this RFP. This guide includes mandatory and general requirements as well as technical queries requiring a written response.

NOTICE: NO COST OR PRICING INFORMATION SHALL BE INCLUDED IN THE TECHNICAL PROPOSAL. THIS INCLUDES REFERENCES TO ITEMS THAT ARE INCLUDED "FREE" OR "AT NO ADDITIONAL COST", ETC. INCLUSION OF COST PROPOSAL INFORMATION IN THE TECHNICAL PROPOSAL MAY MAKE THE PROPOSAL NON-RESPONSIVE, AND TENNESSEE TECH MAY REJECT IT, AT ITS SOLE DISCRETION.

- 3.2.2 Each Proposer must use the Technical Proposal and Evaluation Guide to organize, reference, and draft the Technical Proposal. Proposers should duplicate the Technical Proposal and Evaluation Guide and use it as a table of contents covering the Technical Proposal (adding proposal page numbers as appropriate). The order of the response to the Technical Proposal and Evaluation Guide should be preserved.
- 3.2.3 Each proposal should be concisely prepared, with emphasis on completeness and clarity of content. A proposal, as well as any reference material presented, must be written in English and must be written on standard 8 1/2" x 11" paper (although foldouts containing charts, spreadsheets, and oversize exhibits are permissible). All proposal pages must be numbered.
- 3.2.4 All information included in a Technical Proposal should be relevant to a specific requirement detailed in the Technical Proposal and Evaluation Guide. All information must be incorporated into a response to a specific requirement and clearly referenced. Any information not meeting these criteria will be deemed extraneous and will in no way contribute to the evaluation process.
- 3.2.5 Tennessee Tech may, at its sole discretion, determine a proposal to be non-responsive and reject it if the Proposer fails to organize and properly reference sections of the Technical Proposal as required by this RFP and the Technical Proposal and Evaluation Guide.
- 3.2.6 Tennessee Tech may, at its sole discretion, determine a proposal to be non-responsive and reject it if the Technical Proposal document fails to appropriately address/meet all of the requirements detailed in the Technical Proposal and Evaluation Guide.
- 3.2.7 **The Proposer must sign and date the Technical Proposal. Digital signatures are acceptable. Failure to submit one (1) original with a signature will be cause for rejection of the proposal.**
- 3.2.8 In the event of a discrepancy between the original hardcopy Technical Proposal and the digital copy, the original, signed hardcopy document will take precedence.
- 3.2.9 Tennessee Tech may, at its sole discretion, request Proposers to give an oral presentation of their solution, either in-person or remotely.

3.3 Cost Proposal

- 3.3.1 The Cost Proposal must be submitted to Tennessee Tech in a sealed package that is separate from the Technical Proposal.
- 3.3.2 Each Proposer shall ONLY record the proposed cost exactly as required by the Cost Proposal and Evaluation Guide and shall NOT record any other rates, amounts, or information unless specifically requested in the RFP Attachment 6.6.

- 3.3.3 **The Proposer must sign and date the original Cost Proposal. Digital signatures are acceptable. Failure to submit one (1) original Cost Proposal with a signature shall be cause for rejection of the proposal.**
- 3.3.4 If a Proposer fails to submit a Cost Proposal as required, Tennessee Tech shall determine the proposal to be non-responsive and reject it.
- 3.3.5 In the event of a discrepancy between the original hardcopy Cost Proposal and the digital copy, the original, signed hardcopy document will take precedence.

4 GENERAL REQUIREMENTS & CONTRACTING INFORMATION

4.1 Proposer Required Review and Waiver of Objections

Each Proposer must carefully review this RFP and all attachments, including but not limited to the *Pro Forma* Contract, for comments, questions, defects, objections, or any other matter requiring clarification or correction (collectively called “Comments”). Comments concerning RFP objections must be made in writing and received by Tennessee Tech no later than the Written Comments Deadline in the RFP Section 2, Schedule of Events. Protests based on any objection shall be considered waived and invalid if these comments/objections have not been brought to the attention of Tennessee Tech as directed above.

4.2 RFP Amendment and Cancellation

Tennessee Tech reserves the unilateral right to amend this RFP in writing at any time. If an RFP amendment is issued, Tennessee Tech will convey such amendment via Internet posting at <https://www.tntech.edu/purchasing/bidopportunities.php>. Each proposal must respond to the final written RFP and any exhibits, attachments, and amendments.

Tennessee Tech reserves the right, at its sole discretion, to cancel and reissue this RFP or to cancel this RFP in its entirety in accordance with applicable laws and regulations.

4.3 Proposal Prohibitions and Right of Rejection

- 4.3.1 Tennessee Tech reserves the right, at its sole discretion, to reject any and all proposals in accordance with applicable laws and regulations.
- 4.3.2 Each proposal must comply with all of the terms of this RFP and all applicable state laws and regulations. Tennessee Tech may consider any proposal that does not meet the requirements of this RFP to be non-responsive and reject it.
- 4.3.3 A proposal of alternate services (*i.e.*, a proposal that offers services different from those requested by this RFP) shall be considered non-responsive and rejected.
- 4.3.4 A Proposer may not restrict the rights of Tennessee Tech or otherwise qualify a proposal. Tennessee Tech may determine such a proposal to be a non-responsive counteroffer, and the proposal may be rejected.
- 4.3.5 A Proposer shall not submit multiple proposals in different capacities. This prohibited action is defined as a Proposer submitting one proposal as a prime Contractor and permitting a second Proposer to submit another proposal with the first Proposer offered as a subcontractor. This restriction does not prohibit different Proposers from offering the same subcontractor as a part of

their proposals, provided that the subcontractor does not also submit a proposal as a prime Contractor. Submitting multiple proposals in different forms may result in the disqualification of all Proposers knowingly involved.

- 4.3.6 Tennessee Tech shall reject a proposal if the Cost Proposal was not arrived at independently without collusion, consultation, communication, or agreement as to any matter relating to such prices with any other Proposer. Regardless of the time of detection, Tennessee Tech shall consider any of the foregoing prohibited actions to be grounds for proposal rejection or Contract termination.
- 4.3.7 Tennessee Tech shall not consider a response from an individual who is, or within the past six (6) months has been, a State employee. For purposes of this RFP:
 - 4.3.7.1 An individual shall be deemed a State employee until such time as all compensation for salary, termination pay, and annual leave has been paid;
 - 4.3.7.2 A Contract with or a response from a company, corporation, or any other Contracting entity in which a controlling interest is held by any State employee shall be considered to be a Contract with or proposal from the employee; and
 - 4.3.7.3 A Contract with or a response from a company, corporation, or any other Contracting entity that employs an individual who is, or within the past six (6) months has been, a State employee shall not be considered a Contract with or a proposal from the employee and shall not constitute a prohibited conflict of interest.
 - 4.3.7.4 Per Tennessee Tech policy, contracts with an employee's spouse, or a company or corporation in which a controlling interest is held by any state employee or the employee's spouse, shall be considered, for the purpose of applying this rule, to be a contract with said individual.
- 4.3.8 Tennessee Tech reserves the right, at its sole discretion, to waive a proposal's variances from full compliance with this RFP. If Tennessee Tech waives minor variances in a proposal, such waiver shall not modify the RFP requirements or excuse the Proposer from full compliance with the RFP.

4.4 Incorrect Proposal Information

If Tennessee Tech determines that a Proposer has provided, for consideration in this RFP process or subsequent Contract negotiations, incorrect information that the Proposer knew or should have known was materially incorrect, that proposal shall be determined non-responsive and shall be rejected.

4.5 Iran Divestment Act

By submission of this Proposal, Proposer and each person signing on behalf of Proposer certifies, and in the case of a joint proposal each party thereto certifies as to its own organization, under penalty of perjury, that to the best of its knowledge and belief that each Proposer is not on the list created pursuant to Tennessee Code Annotated § 12-12-106. For reference purposes, the list is current available online at <http://www.tn.gov/generalservices/article/Public-Information-library>

4.6 Proposal of Additional Goods and/or Services

If a Proposer offers related goods and/or services in addition to those required by and described in this RFP, the additional goods and/or services may be added to the Contract before Contract signing at the sole discretion of Tennessee Tech. Proposers must provide a detailed description of each related product and/or service offered in addition to those specified in this RFP to be considered for inclusion in the Contract as a separate attachment. Costs associated with additional related goods and/or services must be provided on a separate attachment in the Cost Proposal. Please note that proposed additional goods and/or services will not be used in evaluating the proposal.

4.7 Assignment and Subcontracting

- 4.7.1 The Contractor may not subcontract, transfer, or assign any portion of the Contract without Tennessee Tech's prior, written approval. At its sole discretion, Tennessee Tech reserves the right to refuse approval of any subcontract, transfer, or assignment.
- 4.7.2 If a Proposer intends to use subcontractors, the response to this RFP must specifically identify the scope and portions of the work each subcontractor will perform (refer to RFP Attachment 6.5., Section B, Qualifications & Experience Requirements, Item B.10.).
- 4.7.3 Subcontractors identified within a response to this RFP will be deemed as approved by Tennessee Tech unless the university expressly disapproves one or more of the proposed subcontractors prior to signing the Contract.
- 4.7.4. After Contract award, a Contractor may only substitute an approved subcontractor at the discretion of Tennessee Tech and with the university's prior, written approval.
- 4.7.5. Notwithstanding any Tennessee Tech approval relating to subcontracts, the Proposer who is awarded a Contract pursuant to this RFP will be the prime Contractor and will be responsible for all work under the Contract.

4.8 Right to Refuse Personnel

At its sole discretion and notwithstanding any prior approval, Tennessee Tech reserves the right to refuse any personnel of the prime Contractor or a subcontractor. Tennessee Tech will document in writing the reason(s) for rejection of any personnel.

4.9 Insurance

- 4.9.1 During the course of this Contract the Contractor will maintain, at its own expense, insurance in form and substance acceptable to Tennessee Tech. Insurance shall be written by insurance company(ies) licensed to operate in the State of Tennessee. The Contractor shall be required to provide acceptable proof of insurance naming Tennessee Tech and Tennessee Tech Foundation as additional insured prior to execution of Contract. Current proof of insurance shall be provided to Tennessee Tech upon

request by the Contractor. Failure to provide evidence of such insurance coverage is a material breach and grounds for termination of the Contract negotiations and/or Contract.

4.9.2 The Contractor agrees that the required insurance provided hereunder shall be primary over any insurance of Tennessee Tech and that the Contractor's interests are not covered whatsoever by the university. Tennessee Tech is subject to the provisions of the Tennessee Claims Commission Act, TCA 9-8-301, et seq.

4.9.3 The enumeration in the Contract or in this document of the kinds and amounts of liability insurance shall not abridge, diminish or affect the Contractor's legal responsibilities for the consequences of accidents arising out of or resulting from the Contractor's services under this Contract.

4.10 Department of Revenue Registration

Before the Contract resulting from this RFP is signed, the apparent successful Proposer must be registered with or exempted by the Tennessee Department of Revenue for the collection of Tennessee sales and use tax. Tennessee Tech shall not award a Contract unless the Proposer provides proof of such registration or provides documentation from the Department of Revenue that the Contractor is exempt from this registration requirement.

4.11 Financial Stability

Prior to award of Contract, Tennessee Tech may require a Proposer to provide information to demonstrate financial stability and capability.

4.12 Proposal Withdrawal

A Proposer may withdraw a submitted proposal at any time up to the Proposal Deadline time and date, as noted in the RFP Section 2, Schedule of Events. To do so, a Proposer must submit a written request, signed by a Proposer's authorized representative to withdraw a proposal. After withdrawing a previously submitted proposal, a Proposer may submit another proposal at any time up to the Proposal Deadline.

4.13 Proposal Errors and Amendments

At the option of Tennessee Tech, a Proposer may be bound by all proposal errors or omissions. A Proposer will not be allowed to alter or amend proposal documents after the Proposal Deadline time and date in the RFP Section 2, Schedule of Events unless formally requested, in writing, by Tennessee Tech.

4.14 Proposal Preparation Costs

The Proposer is responsible for all costs associated with the preparation, submittal, or presentation of any proposal.

4.15 Continued Validity of Proposals

All Proposals shall state that the offer contained therein is valid for a minimum of one hundred twenty (120) days from the date of opening. This assures that Proposers' offers are valid for a period of time sufficient for thorough consideration. Proposals that do not so state will be presumed valid for one hundred twenty (120) days.

4.16 Disclosure of Proposal Contents

- 4.16.1 Each proposal and all materials submitted to Tennessee Tech in response to this RFP shall become the property of the university. Selection or rejection of a proposal does not affect this right. All proposal information shall be held in confidence during the evaluation process.
- 4.16.2 Upon the completion of the evaluation of proposals, indicated by public release of a Letter of Intent to Award, the proposals and associated materials shall be open for review by the public in accordance with Tennessee law. **By submitting a proposal, the Proposer acknowledges and accepts that the full proposal contents and associated documents shall become open to public inspection in accordance with Tennessee statute. Notations on proposals that materials submitted be kept confidential will not be honored. All bid documents and contracts become public records in accordance with applicable statute(s).**
- 4.16.3 If an RFP is re-advertised, all prior offers and/or proposals shall remain closed to inspection by the Proposers and/or public until evaluation of the responses to the re-advertisement is complete.

4.17 Contract Approval

The RFP and the Contractor selection processes do not obligate Tennessee Tech and do not create rights, interests, or claims of entitlement by either the Proposer with the apparent best-evaluated proposal or any other Proposer. Contract award and Tennessee Tech obligations pursuant thereto shall commence only after the Contract is executed by the Contractor and all other appropriate authorities.

4.18 Contract Amendment

After Contract award, Tennessee Tech may request the Contractor to deliver additional goods and/or perform additional services within the general scope of the Contract and this RFP, but beyond the specified scope of service, and for which the Contractor may be compensated. In such instances, Tennessee Tech will provide the Contractor a written description of the additional goods and/or services. The Contractor must respond to Tennessee Tech with a time schedule for delivering the additional goods or accomplishing the additional services based on the compensable units included in the Contractor's response to this RFP. If Tennessee Tech and the Contractor reach an agreement regarding the goods and/or services and associated compensation, such agreement must be effected by means of a Contract amendment. Further, any such amendment requiring additional goods and/or services must be signed by both Tennessee Tech and the Contractor and must be approved by other state officials as required by applicable statutes, rules, policies and procedures of the State of Tennessee. The Contractor must not provide additional goods or render additional services until Tennessee Tech has issued a written Contract amendment with all required approvals.

4.19 Severability

If any provision of this RFP is declared by a court to be illegal or in conflict with any law, said decision will not affect the validity of the remaining RFP terms and provisions, and the rights and obligations of Tennessee Tech and Proposers will be construed and enforced as if the RFP did not contain the particular provision held to be invalid.

4.20 Next Ranked Proposer

Tennessee Tech reserves the right to initiate negotiations with the next ranked Proposer should the university cease doing business with any Proposer selected via this RFP process.

4.21 Contractor Registration

All Proposers should complete the vendor registration process and become a registered vendor. When applicable, Tennessee Tech shall work with Proposers and the Governor's Office of Diversity Business Enterprise (Go-DBE) for Proposers to obtain official state certification. Although registration is not required to make a proposal, a resulting Contract from this RFP process cannot be finalized without the successful proposer being registered with Tennessee Tech.

Refer to the following Internet URL to begin the registration process:

<https://www.tbr.edu/purchasing/how-do-business-tbr>

4.22 Policy and Guideline Compliance

This proposal request and any award made hereunder are subject to Tennessee Tech's policies and guidelines.

4.23 Protest Procedures

A copy of Tennessee Tech's bid protest procedures is available upon request to the RFP coordinator.

A protest shall be considered waived if the subject matter of the protest was known or should have been known to the protester before the Written Comments Deadline and the Protester did not raise the issue in a Written Comment.

5 PROPOSAL EVALUATION & CONTRACT AWARD

5.1 Evaluation Categories and Maximum Points

Tennessee Tech will consider qualifications and experience, technical approach, and cost in the evaluation of proposals. The maximum points that shall be awarded for each of these categories are detailed below.

CATEGORY	MAXIMUM POINTS POSSIBLE
Qualifications and Experience	40
Technical Approach	20
Cost Proposal	40

5.2 Evaluation Process

The proposal evaluation process is designed to award the Contract not necessarily to the Proposer proposing the least cost, but rather to the Proposer with the best combination of attributes based upon the evaluation criteria. "Responsive Proposer" is defined as a Proposer that has submitted a response that conforms in all material respects to the RFP. "Responsible Proposer" is defined as a Proposer that has the capacity in all respects to perform fully the contract requirements, and the integrity and reliability which will assure good faith performance.

5.2.1 **Technical Proposal Evaluation**

- 5.2.1.1 The RFP Coordinator will use the RFP Attachment 6.5, Technical Proposal and Evaluation Guide, to manage the Technical Proposal Evaluation and maintain evaluation records.
- 5.2.1.2 The RFP Coordinator will review each Technical Proposal to determine compliance with mandatory requirements (refer to RFP Attachment 6.5, Technical Proposal and Evaluation Guide, Technical Proposal Section A). If the RFP Coordinator determines that a proposal may have failed to meet one or more of the mandatory requirements, the Chief Procurement Officer will review the proposal and document its determination of whether: (1) the proposal meets requirements for further evaluation; (2) Tennessee Tech will request clarifications or corrections; or, (3) the university will determine the proposal non-responsive to the RFP and reject it. A determination that a proposal is non-responsive must be approved by the Chief Business Officer before notice may be sent out that the proposal has been rejected.
- 5.2.1.3 A Proposal Evaluation Team, appropriate to the scope and nature of the RFP, will evaluate each Technical Proposal that appears responsive to the RFP.
- 5.2.1.4 Each Proposal Evaluation Team member will independently, evaluate each proposal against the evaluation criteria in this RFP, rather than against other proposals, and will score each in accordance with the RFP Attachment 6.5, Technical Proposal and Evaluation Guide.
- 5.2.1.5 During the Technical Proposal evaluation, Tennessee Tech may identify approximately 3-5 finalists, who will continue through the remaining phases of the process. Cost Proposals from Proposers not considered finalists will not be opened or considered for award.
- 5.2.1.6 Tennessee Tech reserves the right, at its sole discretion, to request Proposer clarification of a Technical Proposal or to conduct clarification discussions with any or all Proposers. Any such clarification or discussion shall be limited to specific sections of the proposal identified by Tennessee Tech. The Proposer shall put any resulting clarification in writing as may be required by Tennessee Tech.

5.2.2 **Finalist Presentations (if applicable)**

During the Technical Proposal evaluation process, Tennessee Tech may, at its sole discretion, require each finalist to make a presentation of its Technical Proposal. The presentation will enable the Proposers to present their Technical Proposal and field questions from the evaluators. Presentations will be part of the final Technical Proposal score. No Cost Proposal information is to be discussed during the presentation.

5.2.3 **Cost Proposal Evaluation**

After Technical Proposal evaluations are completed, the RFP Coordinator will open the Cost Proposals to calculate and document the Cost Proposal scores.

5.2.4 **Total Proposal Score**

For each responsive proposal, the RFP Coordinator will add the Technical Proposal score to the Cost Proposal score to yield the apparent best-evaluated proposal.

5.3 Contract Award Process

- 5.3.1 The RFP Coordinator will forward the results of the Proposal evaluation process to the appropriate Tennessee Tech official(s) who will consider the Proposal evaluation process results and all pertinent information available to make a determination about the Contract award. Tennessee Tech reserves the right to make an award without further discussion of any Proposal.

Notwithstanding the foregoing, to effect a Contract award to a Proposer other than the one receiving the highest evaluation score, the requesting department must provide written justification for such an award and obtain the written approval of the appropriate Tennessee Tech official.

- 5.3.2 After the appropriate official's determination, Tennessee Tech will issue an Intent to Award to identify the apparent best-evaluated proposal as in the RFP Section 2, Schedule of Events.

NOTE: The Intent to Award shall not create rights, interests, or claims of entitlement in either the Proposer with apparent best-evaluated proposal or any other Proposer.

- 5.3.3 Tennessee Tech will also make the RFP files available for public inspection for a defined period following issuance of the Intent to Award and prior to Contract award. **By submitting a Proposal, the Proposer understands and agrees that its Proposal will become available to the public.**

- 5.3.4 The Proposer with the apparent best-evaluated proposal must agree to and sign a Contract with Tennessee Tech, which shall be substantially the same as the RFP Attachment 6.2, *Pro Forma* Contract. Prior to contract execution, Tennessee Tech reserves the right, at its sole discretion, to add terms and conditions or to revise *Pro Forma* Contract requirements in the university's best interests subsequent to this RFP process. No such terms and conditions or revision of contract requirements shall materially affect the basis of proposal evaluations or negatively impact the competitive nature of the RFP process.

- 5.3.5 The Proposer with the apparent best-evaluated proposal must sign and return the Contract written by Tennessee Tech pursuant to this RFP no later than the deadline provided by Tennessee Tech. If the Proposer fails to provide the signed Contract by the deadline, Tennessee Tech may determine that the Proposer is non-responsive to the terms of this RFP and reject the proposal.

- 5.3.6 If Tennessee Tech determines that the apparent best-evaluated proposal is non-responsive and rejects the proposal, the RFP Coordinator will re-calculate scores for each responsive Cost Proposal to determine the new, apparent best-evaluated proposal.
