

A Message From Our President Ivy Carter

Hi! I am Ivy. I am a double major in History BA and German Foreign Language with a minor in English.

It is an honor to serve as the College of Arts and Sciences Student Ambassador President for the 2026-2027 school year. I have been an ambassador since my sophomore year.

My favorite thing about being a student at Tennessee Tech is all of the opportunities we are given to meet and help others. I am the President of the German Club. When I was younger, I was very shy and never joined any clubs. Now, I love talking to people and making new friends.

My message to prospective students, freshmen, prospective ambassadors, and my fellow ambassadors: Make a connection, it will be one of the best things you do. Connect with other students through clubs and organizations. Connect with your favorite professors. This will help you through college and after you graduate.

What does being an ambassador mean to me? Being an ambassador means helping new generations feel welcomed at our campus. It means helping students find connections to clubs, organizations, faculty, and other students.
